**CASE CODE**

Declaratory Order

**UTILITIES:**

Bluegrass Water Utility Operating Company, LLC

**INDEX OF EVENTS:**

- 11/21/24 Final Order Entered: 1. Bluegrass Water’s application for a declaratory order is granted in part and denied in part. 2. Assuming that it will not result in wasteful duplication, the installation of RME at Bluegrass Water’s sewage facilities located at Yung Farm, Commonwealth Wastewater, and Magruder Village is an ordinary extension in the usual course of business, and a CPCN, pursuant to KRS 278.020(1), is not required for the projects. The Commission declines to extend this decision to future projects not currently in front of the Commission. 3. Bluegrass Water’s plan to perform three in-person inspections per week at Yung Farm, Commonwealth Wastewater, and Magruder Village wastewater facilities after remote monitoring equipment is installed is approved as assuring safe and adequate operation of its facilities and compliance with Commission rules. 4. Bluegrass Water’s September 19, 2024 motion for procedural schedule is made moot by this Order and therefore rejected by the Commission. 5. This case is closed and removed from the Commission’s docket.
