Dear Mr. Dowd:

On March 4, 2021, the Kentucky Public Service Commission ("Commission") established the above-referenced case to review and evaluate the operation of the Fuel Adjustment Clause ("FAC") of Louisville Gas and Electric Company ("LG&E") for the period from November 1, 2018, through October 31, 2020, and to determine the amount of fuel costs that should be included in base rates.

On August 2, 2021 the Commission issued an Order approving a base period fuel cost of \$0.02348 per kWh. This adjustment resulted in changes to the rates for electric service under the power contract dated November 18, 2019, between LG&E and Mill Creek Clean Fuels, LLC.
