AVAILABILITY

This Rate Schedule is available in the territory formerly served by Central Kentucky Natural Gas Company to any customer when:

- (a) The Company's existing facilities have sufficient capacity and gas supply to provide the quantities requested by said customer; and
- (b) The customer executes a Contract for the purchase of a specified maximum daily volume for a period of not less than twelve (12) months.

HW

This Rate Schedule is not available for the purchase of gas to be used by any customer as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day.

APPLICABILITY AND CHARACTER OF SERVICE

(T) Deliveries by the Company to any customer under this Rate Schedule shall be on an interruptible basis only, and the Company shall have the right to curtail or interrupt deliveries of gas hereunder whenever and to the extent necessary in its sole judgment, protection of domestic service may so require, and the Company may curtail down to the minimum volume required for plant maintenance purposes to prevent the establishment on the Company of a Billing Demand from its Supplier higher than would otherwise be established, which would thereby unduly increase the cost of gas purchased. It is understood that the Company's primary obligation is to its domestic markets. The Company will not curtail service to a customer hereunder below the minimum required by the customer for plant maintenance purposes except for the lack of availability of natural gas.

The Company shall give the customer as much advance notice as possible of curtailment or interruption hereunder.
