pursuant to the Purchased Gas Adjustment provision heretofore prescribed by the Public Service Commission of Kentucky, by Orders issued in Case No. 3276, as follows:

The rates authorized herein are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers proposed to become effective as of May 15, 1959, (Demand \$2.20 - Commodity \$.3119), under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is any change in this base rate, either increase or decrease, the Applicant shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information:

- (1) A copy of the Federal Power Commission tariff effecting the change in the base rates and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchased under the provisions of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
- (3) A balance sheet as of the end of the twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) A forecast showing the estimated gas purchases from all of the utilities contract suppliers for the next twelve months period together with an estimate of the cost thereof.
- (5) Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

Upon receipt of this information this Commission will review the effect of the revised base rate on the operations of the Applicant and will prior to the effective

(Cont'd.)

prescribed by the Public Service Commission of Kentucky, by Orders issued in Case No. 3277, as follows:

The rates authorized herein are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers currently in effect as of April 7, 1959, (~~Demand \$1.80 per Commodity \$1.2870~~), under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is any change in this base rate, either increase or decrease, the Applicant shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information:

- (1) A copy of the Federal Power Commission tariff effecting the change in the base rates and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchased under the provisions of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
- (3) A balance sheet as of the end of the twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) A forecast showing the estimated gas purchases from all of the utilities contract suppliers for the next twelve months period together with an estimate of the cost thereof.

Rate  
Per Unit

AVAILABILITY

This Rate Schedule is available in the territory formerly served by Central Kentucky Natural Gas Company to any customer when:

- (a) The Company's existing facilities have sufficient capacity and gas supply to provide the quantities requested by said customer; and
- (b) The customer executes a Contract for the purchase of a specified maximum daily volume for a period of not less than twelve (12) months.

This Rate Schedule is not available for the purchase of gas to be used by any customer as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day.

APPLICABILITY AND CHARACTER OF SERVICE

Deliveries by the Company to any customer under this Rate Schedule shall be on an interruptible basis only, and the Company shall have the right to curtail or interrupt deliveries of gas hereunder whenever and to the extent necessary, such curtailment or interruption in the sole judgment of the Company may be required for the protection of other service.

The Company also reserves the right to interrupt deliveries to any customer hereunder, whenever and to the extent necessary, to prevent the Company from taking from its supplier on any one day a volume of gas in excess of the Company's then effective Contract Demand.

The Company shall give the customer as much advance notice as possible of curtailment or interruption hereunder.

RULES AND REGULATIONS

- I. Rules and Regulations for the Government of gas utilities which may be adopted by the Public Service Commission of Kentucky, and all amendments thereto and modifications thereof which may be made by said Commission.
- II. Before the gas lines are laid in new subdivisions, the subdivider shall furnish the Columbia Gas of Kentucky, Inc. with a plat or plan of the subdivision, if the same is within the corporate limits of the City of Lexington or within three miles of said corporate limits, which has been approved by the City-County Planning and Zoning Commission, and said plat or plan shall have been duly recorded in the County Court Clerk's office in Fayette County.
- III. The obligation of the Company to supply gas for space-heating to any customer shall be conditioned upon the filing by the customer of a written application and the issuance by the Company of a written approval.
- IV. Where the Company's existing facilities are inadequate to serve an applicant for new or additional commercial or industrial space-heating load, the Company specifically reserves the right to defer service until such time as its facilities can be made adequate.
- V. A written approval of an application issued by the Company shall remain in effect for a period of six months from the date of the approval, at the end of which time the application and approval shall be void unless the applicant is receiving the gas service requested or demonstrates to the Company's satisfaction that he has commenced the construction of his building and the installation of his gas space-heating equipment.
- VI. The obligation of the Company to supply gas for space-heating in commercial and industrial classifications in excess of 1,000,000 Btu per hour input shall be conditioned, when such is necessary in the discretion of the Company to protect service to other classes of customers, upon the installation by the customer of standby equipment and his undertaking to use such equipment when requested by the Company so to do.

MINIMUM CHARGE

The minimum charge per month shall be \$2.00.

PENALTIES OR DISCOUNTS

None.

PURCHASED GAS ADJUSTMENT

The rates prescribed above are subject to an adjustment for any change in the rates paid by the Company to Kentucky Gas Transmission Corporation for the purchase of natural gas, as hereinafter provided.

DATE OF ISSUE: January 28, 1958

DATE EFFECTIVE: January 1, 1958

Schedule No. G-1  
(Cont'd.)

The rates filed with Federal Power Commission by Kentucky Gas Transmission Corporation, the Company's natural gas supplier, to become effective February 14, 1957, are:

\$2.00 per month per Mcf of  
Billing Demand, and 29.43¢  
per Mcf for all gas purchased.

This rate is hereinafter referred to as the "basic rate".

A. If on or after March 1, 1957, any change is made in the "basic rate", or any superseding rates, pursuant to rate schedules filed with the Federal Power Commission by the Company's natural gas supplier and made effective under the Natural Gas Act, either above or below the "basic rate" then the rates for natural gas service under this Rate Schedule shall be increased or decreased by a Purchased Gas Adjustment determined as follows:

1. Gas purchased by the Company for customers served under this Rate Schedule during the twelve (12) months period ending with the month preceding the month of the effective date of the rate change of the supplier, shall be priced:
  - (a) at the basic rate, and
  - (b) at the new rate of the supplier.
2. The difference in the cost of gas purchased between the basic rate and the new rate, as computed in (1) above, shall be divided by the volume of gas sold by the Company to customers served under this Rate Schedule during the same twelve (12) months period.
3. For each full one-tenth cent increase or decrease in the cost per Mcf of gas purchased, the rates for service under this Rate Schedule shall be increased or decreased one-tenth cent per Mcf.

DATE OF ISSUE: January 28, 1958

DATE EFFECTIVE: January 1, 1958

Schedule No. G-1  
(Cont'd.)

4. The effective date of any increase or decrease in the rates for gas service under this Rate Schedule resulting from the Purchased Gas Adjustment shall be the first day of the third month following the month in which a change in the rates paid by the Company to its supplier becomes effective; provided that the Company shall have filed with the Public Service Commission of Kentucky, fifteen days prior to the effective date, a computation in support of the adjusted rates, together with a notice that the adjusted rates are to be placed in effect at 12:01 A.M. on the effective date and shall apply to bills rendered on and after that date.

B. If after the effective date of this Rate Schedule or the effective date of a Purchased Gas Adjustment under the provisions of Section A hereof, the rate paid by the Company to its supplier, either the "basic rate" or any superseding rate on which a Purchased Gas Adjustment was based, are finally determined to be excessive and the supplier is required to refund a portion of its charges to the Company, then the Company shall make appropriate adjustments in its rates to the customers served under this Rate Schedule. The excess amount billed customers under this Rate Schedule as a result of the excess charges to the Company by its supplier shall be determined and adjusted by:

1. Determining the actual amount of the refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule.
2. Dividing such refund by the actual volume of sales during an applicable period not to exceed a twelve (12) months period immediately preceding the receipt of such refund, computed to the nearest one-tenth cent per Mcf. The factor so determined shall be the Refund Factor.

DATE OF ISSUE: January 28, 1958

DATE EFFECTIVE: January 1, 1958

**APPROVED**  
FEB 4 1958  
PUBLIC SERVICE COMMISSION  
ENGINEERING DIVISION

Schedule No. G-1  
(Cont'd.)

3. Decreasing the rates prescribed above, or the rates as adjusted pursuant to the Purchased Gas Adjustment, by applying thereto the Refund Factor to the extent necessary so that the actual refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule shall be passed on to such customers during a twelve (12) months period beginning as soon as practicable after the refund has been received by the Company.
4. The Company shall furnish the Public Service Commission of Kentucky a statement of the computations of the adjustments relating to the Refund Factor.

RECONNECT CHARGE

If service under this Rate Schedule is discontinued at the request of the customer, the Company will not be required to resume service to such customer at the same premises unless it shall first receive payment of the applicable minimum charge for each month of the intervening period but not in excess of twelve (12) months.

PURCHASED GAS ADJUSTMENT

The rates prescribed above are subject to an adjustment for any change in the rates paid by the Company to United Fuel Gas Company for the purchase of natural gas, as hereinafter provided.

DATE OF ISSUE: January 28, 1958

DATE EFFECTIVE: January 1, 1958

Schedule No. G-2  
(Cont'd.)

The rates filed with Federal Power Commission by United Fuel Gas Company, the Company's natural gas supplier, to become effective February 14, 1957, are:

\$1.65 per month per Mcf of  
Billing Demand, and 27.42¢  
per Mcf for all gas purchased.

This rate is hereinafter referred to as the "basic rate".

A. If on or after March 1, 1957, any change is made in the "basic rate", or any superseding rates, pursuant to rate schedules filed with Federal Power Commission by the Company's natural gas supplier and made effective under the Natural Gas Act, either above or below the "basic rate" then the rates for natural gas service under this Rate Schedule shall be increased or decreased by a Purchased Gas Adjustment determined as follows:

1. Gas purchased by the Company for customers served under this Rate Schedule during the twelve (12) months period ending with the month preceding the month of the effective date of the rate change of the supplier, shall be priced:
  - (a) at the basic rate, and
  - (b) at the new rate of the supplier.
2. The difference in the cost of gas purchased between the basic rate and the new rate, as computed in (1) above, shall be divided by the volume of gas sold by the Company to customers served under this Rate Schedule during the same twelve (12) months period.
3. For each full one-tenth cent increase or decrease in the cost per Mcf of gas purchased, the rates for service under this Rate Schedule shall be increased or decreased one-tenth cent per Mcf.
4. The effective date of any increase or decrease in the rates for gas service under this Rate

Schedule No. G-2  
(Cont'd.)

Schedule resulting from the Purchased Gas Adjustment shall be the first day of the third month following the month in which a change in the rates paid by the Company to its supplier becomes effective; provided that the Company shall have filed with the Public Service Commission of Kentucky, fifteen days prior to the effective date, a computation in support of the adjusted rates, together with a notice that the adjusted rates are to be placed in effect at 12:01 A.M. on the effective date and shall apply to bills rendered on and after that date.

B. If after the effective date of this Rate Schedule or the effective date of a Purchased Gas Adjustment under the provisions of Section A hereof, the rate paid by the Company to its supplier, either the "basic rate" or any superseding rate on which a Purchased Gas Adjustment was based, are finally determined to be excessive and the supplier is required to refund a portion of its charges to the Company, then the Company shall make appropriate adjustments in its rates to the customers served under this Rate Schedule. The excess amount billed customers under this Rate Schedule as a result of the excess charges to the Company by its supplier shall be determined and adjusted by:

1. Determining the actual amount of the refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule.
2. Dividing such refund by the actual volume of sales during an applicable period not to exceed a twelve (12) months period immediately preceding the receipt of such refund, computed to the nearest one-tenth cent per Mcf. The factor so determined shall be the Refund Factor.
3. Decreasing the rates prescribed above, or the rates as adjusted pursuant to the Purchased Gas Adjustment, by applying thereto

the Refund Factor to the extent necessary so that the actual refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule shall be passed on to such customers during a twelve (12) months period beginning as soon as practicable after the refund has been received by the Company.

4. The Company shall furnish the Public Service Commission of Kentucky a statement of the computations of the adjustments relating to the Refund Factor.

RECONNECT CHARGE

If service under this Rate Schedule is discontinued at the request of the customer, the Company will not be required to resume service to such customer at the same premises unless it shall first receive payment of the applicable minimum charge for each month of the intervening period but not in excess of twelve (12) months.

CLASSIFICATION OF SERVICE  
Interruptible Gas Service - Optional

Schedule No. I-1  
Lexington Division

Rate  
Per Unit

AVAILABILITY

This Rate Schedule is available in the territory formerly served by Central Kentucky Natural Gas Company to any customer when:

- (a) The Company's existing facilities have sufficient capacity and gas supply to provide the quantities requested by said customer; and
- (b) The customer executes a Contract for the purchase of a specified maximum daily volume for a period of not less than twelve (12) months.

This Rate Schedule is not available for the purchase of gas to be used by any customer as boiler fuel in an amount exceeding two thousand (2,000) Mcf on any one day.

APPLICABILITY AND CHARACTER OF SERVICE

Deliveries by the Company to any customer under this Rate Schedule shall be on an interruptible basis only, and the Company shall have the right to curtail or interrupt deliveries of gas hereunder whenever and to the extent necessary, such curtailment or interruption in the sole judgment of the Company may be required for the protection of other service.

The Company also reserves the right to interrupt deliveries to any customer hereunder, whenever and to the extent necessary, to prevent the Company from taking from its supplier on any one day a volume of gas in excess of the Company's then effective Contract Demand.

The Company shall give the customer as much advance notice as possible of curtailment or interruption hereunder.

Schedule No. I-1  
(Cont'd.)Rate  
Per UnitRATE

|          |                               |          |
|----------|-------------------------------|----------|
| First    | 800 Mcf or less each month    | \$400.00 |
| Next     | 1,200 Mcf each month per Mcf  | .48      |
| Next     | 3,000 Mcf each month per Mcf  | .47      |
| Next     | 5,000 Mcf each month per Mcf  | .46      |
| All Over | 10,000 Mcf each month per Mcf | .44      |

MINIMUM CHARGE

A minimum charge of \$400.00 per month shall be made for each billing month during the term of the contract or service agreement, for gas delivered or the right of the customer to receive the same.

In the event of curtailment or interruption in the delivery of gas by the Company, or complete or partial suspension of operation by the customer due to strikes, fires, floods, explosions, or other catastrophe, the minimum charge shall be reduced in direct proportion to the ratio which the number of days of curtailed service or complete or partial suspension of operation bears to the total number of days in the billing month.

PURCHASED GAS ADJUSTMENT

The rates prescribed above are subject to an adjustment for any change in the rates paid by the Company to its supplier for the purchase of natural gas, as herein-after provided.

The rates filed with Federal Power Commission by Kentucky Gas Transmission Corporation, the Company's natural gas supplier, to become effective February 14, 1957, are:

\$2.00 per month per Mcf of  
Billing Demand and 29.43¢ per  
Mcf for all gas purchased.

This rate is hereinafter referred to as the "basic rate".

A. If on or after March 1, 1957, any change is made in the "basic rate", or any superseding rates, pursuant to rate schedules filed with Federal Power Commission

(Cont'd.)

by the Company's natural gas supplier and made effective under the Natural Gas Act, either above or below the "basic rate" then the rates for natural gas service under this Rate Schedule shall be increased or decreased by a Purchased Gas Adjustment determined as follows:

1. Gas purchased by the Company for customers served under this Rate Schedule during the twelve (12) months period ending with the month preceding the month of the effective date of the rate change of the supplier, shall be priced:
  - (a) at the basic rate, and
  - (b) at the new rate of the supplier.
2. The difference in the cost of gas purchased between the basic rate and the new rate, as computed in (1) above, shall be divided by the volume of gas sold by the Company to customers served under this Rate Schedule during the same twelve (12) months period.
3. For each full one-tenth cent increase or decrease in the cost per Mcf of gas purchased, the rates for service under this Rate Schedule shall be increased or decreased one-tenth cent per Mcf.
4. The effective date of any increase or decrease in the rates for gas service under this Rate Schedule resulting from the Purchased Gas Adjustment shall be the first day of the third month following the month in which a change in the rates paid by the Company to its supplier becomes effective; provided that the Company shall have filed with the Public Service Commission of Kentucky, fifteen days prior to the effective date, a computation in support of the adjusted rates, together with a notice that the adjusted

rates are to be placed in effect at 12:01 A.M. on the effective date and shall apply to bills rendered on and after that date.

B. If after the effective date of this Rate Schedule or the effective date of a Purchased Gas Adjustment under the provisions of Section A hereof, the rate paid by the Company to its supplier, either the "basic rate" or any superseding rate on which a Purchased Gas Adjustment was based, are finally determined to be excessive and the supplier is required to refund a portion of its charges to the Company, then the Company shall make appropriate adjustments in its rates to the customers served under this Rate Schedule. The excess amount billed customers under this Rate Schedule as a result of the excess charges to the Company by its supplier shall be determined and adjusted by:

1. Determining the actual amount of the refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule.
2. Dividing such refund by the actual volume of sales during an applicable period not to exceed a twelve (12) months period immediately preceding the receipt of such refund, computed to the nearest one-tenth cent per Mcf. The factor so determined shall be the Refund Factor.
3. Decreasing the rates prescribed above, or the rates as adjusted pursuant to the Purchased Gas Adjustment, by applying thereto the Refund Factor to the extent necessary so that the actual refund received by the Company from its supplier applicable to gas purchased by the Company for customers served under this Rate Schedule shall be passed on to such customers during a twelve (12) months period beginning as soon as practicable after the refund has been received by the Company.

PUBLIC SERVICE COMMISSION  
ENGINEERING DIVISION

CLASSIFICATION OF SERVICE  
Summer Air-Conditioning Service

Schedule No. AC-1

APPLICABILITY

This Rate Schedule shall apply only to gas used for summer air-conditioning purposes during the calendar months of June, July, August and September. Gas sold under this Rate Schedule for summer air-conditioning purposes shall be separately determined by individual meters for commercial and industrial customers. For residential customers the gas used during the months of June, July, August and September as base load shall be estimated by the Company on the basis of gas appliances installed and connected for any use other than space heating or summer air-conditioning and the gas used in excess of such base load shall be billed under this Rate Schedule.

AVAILABILITY

Available to any customer of the Company who makes application for the use of this Rate Schedule and who purchases gas under one of the Company's General Service Rate Schedules.

RATE

Forty cents (40¢) per Mcf.

MINIMUM MONTHLY CHARGE

None.

OTHER PROVISIONS

Service under this schedule shall in no way affect the customer's obligation under the General Service Rate Schedules during the months of June, July, August and September.

DATE OF ISSUE: January 28, 1958

DATE EFFECTIVE: January 1, 1958

If this page will not contain all the rates, extra pages of same size may be inserted.

Schedule No. 2  
(Cont'd.)

- (3) A balance sheet as of the end of the twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) A forecast showing the estimated gas purchases from all of the utilities contract suppliers for the next twelve months period together with an estimate of the cost thereof.
- (5) Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

Upon receipt of this information this Commission will review the effect of the revised base rate on the operations of the Applicant and will prior to the effective date of the revised base rate, but not less than thirty days from the date of the filing of the above prescribed information, issue its Order setting out the purchased gas adjustment that the utility shall apply to its rates and/or such refunds as may be proper.

The maximum amount of the adjustment so prescribed shall not produce revenue adjustments based upon the actual preceding twelve months period, greater than the difference between the purchased gas billed at the then existing rate and the purchased gas billed at the revised rate.

RULES AND REGULATIONS (N)

Service hereunder is subject to the Rules and Regulations filed by the Company with the Kentucky Public Service Commission, or any subsequent revision of such Rules and Regulations, and to the lawful orders of regulatory authorities having jurisdiction.

Issued by authority of an order of the Public Service Commission of Kentucky, in Case No. 3276, dated March 14, 1958.

Rate  
Per Unit

RATE (N)

|          |                               |          |
|----------|-------------------------------|----------|
| First    | 800 Mcf or less each month    | \$400.00 |
| Next     | 1,200 Mcf each month per Mcf  | .48      |
| Next     | 3,000 Mcf each month per Mcf  | .47      |
| Next     | 5,000 Mcf each month per Mcf  | .46      |
| All Over | 10,000 Mcf each month per Mcf | .44      |

MINIMUM CHARGE (N)

A minimum charge of \$400.00 per month shall be made for each billing month during the term of the contract or service agreement, for gas delivered or the right of the customer to receive the same.

In the event of curtailment or interruption in the delivery of gas by the Company, or complete or partial suspension of operation by the customer due to strikes, fires, floods, explosions, or other catastrophe, the minimum charge shall be reduced in direct proportion to the ratio which the number of days of curtailed service or complete or partial suspension of operation bears to the total number of days in the billing month.

PURCHASED GAS ADJUSTMENT (N)

The rates authorized herein are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers then currently in effect under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is any change in this base rate, either increase or decrease, the Applicant shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information:

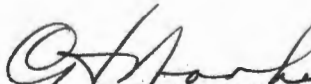

- (1) A copy of the Federal Power Commission tariff effecting the change in the base rates and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchased under the provisions of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
