**RE: Notification of Indirect Change of Ownership of 360networks
Kentucky LLC**

Dear Mr. Dorman:

360networks Kentucky LLC ("Company") is a telecommunications carrier authorized to transact business in the State of Kentucky as a foreign corporation. Company received authority from the Kentucky Public Service Commission ("Commission") to provide IXC services. Company hereby notifies the Commission of a proposed indirect change of ownership in order to facilitate the reorganization of Company, its parent and affiliates, undertaken pursuant to orders of The Supreme Court of British Columbia, Canada and of the United States Bankruptcy Court for Southern District of New York.¹ The proposed transaction involves a change at the parent level of the organization only. The management, operations and services of Company, the entity operating in the State of Kentucky, will not be directly affected by the proposed transaction and the Company will continue to hold all certificates and authorizations issued by the Commission. Once consummated, the transaction will allow the organization to emerge from bankruptcy in Canada and the United States as a viable entity.

I. Description of Organization

Company is a Delaware limited liability company with a principal place of business at 12202 Airport Way, Broomfield, Colorado 80021. Company is a wholly owned subsidiary of 360networks LLC ("360 LLC"), a Delaware limited liability company. 360 LLC is a wholly owned subsidiary of 360fiber (USA 3) inc. ("360fiber"), a Nevada corporation. 360fiber is a wholly owned subsidiary of 360networks holdings (USA) inc. ("360 US Holdings"), a Nevada corporation. 360 US Holdings is a majority-owned subsidiary of 360networks Corporation, formerly, 360networks (holdings) ltd. ("360 Corp."), a corporation organized under the federal laws of

¹ Company's review of relevant State statutes and Commission regulations indicates that formal Commission approval of the proposed indirect change of ownership is not required. Company desires, however, to notify the Commission to ensure it is aware of the proposed change.

Canada. 360 Corp. is a wholly owned subsidiary of 360networks inc. ("360 Canada"), a Nova Scotia, Canada corporation.

On June 28, 2001, 360 Canada and certain of its subsidiaries commenced proceedings in The Supreme Court of British Columbia, Canada, under the Companies' Creditors Arrangement Act (Canada). In addition, on June 28, 2001, certain of 360 Canada's U.S. subsidiaries, including Company, commenced proceedings in the United States Bankruptcy Court for the Southern District of New York under Chapter 11 of the U.S. Bankruptcy Code.

II. Description of the Proposed Indirect Change of Control Transaction

The U.S. and Canadian Courts have approved the First Amended Joint Plan of Reorganization and Consolidated Plan of Compromise or Arrangement (collectively referred to as the "Plans"), respectively, filed by certain Canadian and U.S. subsidiaries of 360 Canada, including Company and 360 Corp. The Plans were developed in coordination with the 360 group of companies' senior secured lenders ("Senior Lenders"), the Monitor appointed by the Supreme Court of British Columbia and the U.S. unsecured creditors committee.

Pursuant to the Plans, 360 Corp. will issue additional shares to the Agent for the Senior Lenders for nominal consideration, which shares will then be consolidated on a basis which results in 360 Canada holding a fractional share of 360 Corp. following such consolidation. Thereafter, 360 Canada's fractional share of 360 Corp. will be purchased for cash upon implementation of the Plans. As a result, 360 Canada will no longer own or control 360 Corp., and 360 Corp. will replace 360 Canada as the ultimate parent company of the reorganized group of companies, including Company. Company will remain a wholly owned subsidiary of 360 LLC, and 360 LLC will remain a wholly owned subsidiary of 360fiber, and 360fiber will remain a wholly owned subsidiary of 360 US Holdings, and 360 US Holdings will remain a subsidiary of 360 Corp. 360 Corp. will then issue and allot shares from 360 Corp.'s treasury stock and distribute it to the company's new shareholders as follows:

- (i) Each of the Senior Lenders will receive a ratable allocation of the shares of 360 Corp. While collectively, the unaffiliated Senior Lenders will hold allocations approximately equal to 80.5% of the outstanding shares of 360 Corp., none of the Senior Lenders will hold a controlling interest;²
- (ii) Each of the unsecured U.S. and Canadian creditors (in excess of 210, without giving effect to certain cash election rights these creditors may have) will receive a ratable allocation of the shares of 360 Corp. Collectively, the unsecured U.S. and Canadian creditors will hold allocations approximately equal to 12% of the outstanding shares of 360 Corp (the 12% of the shares allocated to the U.S. and Canadian unsecured creditors may be reduced by as much as one-half, to 6%, and replaced by cash payments made pursuant to a cash election available under the Plans); and

² The Senior Lenders consist of approximately 60 unaffiliated institutions. Each will receive an allocation of treasury stock and collectively, as noted above, all of the unaffiliated Senior Lenders will hold approximately 80.5% of the outstanding shares. None of the unaffiliated Senior Lenders, however, will hold a majority interest. Most of the Senior Lenders will hold interests that are approximately equal to or less than 1%.

IV. Public Interest Analysis

The proposed transaction is in the public interest. The proposed transaction is not expected to impact Company's day-to-day operations and will be transparent to Company's customers. Company will continue to provide telecommunications services to its customers under the same name and pursuant to the same rates, terms and conditions as those currently offered by Company in accordance with its current authorizations in the State of Kentucky. Company does not anticipate a substantial change in its management and personnel as a result of the proposed transfer. The proposed transaction does not involve the transfer of Company's current authorizations or certifications. Similarly, Company's management, technical capabilities and day-to-day operations will not be altered. As a result of the proposed transaction, Company will remain technically, managerially and financially qualified to provide telecommunications services to its customers.
