RE: Application to provide inmate public telephone service in Kentucky

Dear Jim Stevens,

We would like to begin bidding to provide inmate telephone service at county correctional facilities right away. Our company provides the phone units and system to allow for the service. We have contracts with local and long-distance providers to carry the traffic and bill the calls.

We are including a copy of our Corporation's Certificate of Existence, a copy of the North Carolina Secretary of State information listing our registered agent and status, and a copy of our Kentucky Certificate of Authority. We are also including a return FedEx envelope. We would like to receive a letter confirming that our information has been received and that we are in compliance and ready to begin our bidding efforts. Thank you for your assistance. We look forward to a very long business relationship with the State and citizens of Kentucky. Thank you again.
